Instituții de învățământ superior

Organizarea și funcționarea învățământului superior din România

Învățământul superior este organizat în universități, academii de studii, institute, școli de studii superioare, denumite în continuare instituții de învățământ superior sau universități care au obținut autorizarea de funcționare provizorie sau acreditarea.

Instituțiile de învățământ superior sunt organizații furnizoare de educație care desfășoară activități de învățământ pe bază de programe de studii autorizate să funcționeze provizoriu/acreditate în condițiile legii, de formare inițială și continuă de nivel universitar, programe ce funcționează pe principiul calității și corelării ofertei educaționale cu piața muncii.

Sistemul național de învățământ superior include toate instituțiile de învățământ superior acreditate. O instituție de învățământ superior autorizată să funcționeze provizoriu, conform procedurilor legale în vigoare, devine parte a sistemului național de învățământ superior numai după acreditare. Pentru mai multe informații puteți accesa și site-ul Agenției Române de Asigurare a Calității în Învățământul Superior - www.aracis.ro.

Instituțiile de învățământ superior pot fi de stat, particulare sau confesionale. Aceste instituții au personalitate juridică, au caracter nonprofit și sunt apolice. Instituțiile de învățământ superior sunt persoane juridice de drept public sau, după caz, persoane juridice de drept privat și de utilitate publică.

Autonomia universitară este garantată prin Constituție. Libertatea academică este garantată prin lege. De asemenea și răspunderea publică este reglementată pentru orice instituție de învățământ superior, de stat sau particulară.

Prin-o hotărâre de guvern anuală, sunt validate:

- Nomenclatorul domeniilor și al specializărilor/programelor de studii universitare per unie
- structura instituțiilor de învățământ superior de stat și particular acreditate sau autorizate să funcționeze provizoriu, cu:
 - domeniile de studii universitare de licență și specializările/programele de studii acreditate sau autorizate să funcționeze provizoriu,
 - locațiile geografice de desfășurare,
 - numărul de credite de studii transferabile pentru fiecare program de studii universitare,
 - formă de învățământ și limbă de predare,
 - numărul minim de studenți care pot fi școlarizați

b. Grades and Grading System

Grades are symbol which provide records of a student's participation in the relevant study experiences; and the quality of a student's performance in achieving the course goals is evaluated and recorded in the form of grades. Grading is the sole responsibility of faculty members; however, it must be based on the policies and procedures prescribe by the School Administration.

1. The Ten-Point Numeral Grading System

PSBA adopts the Ten-Point Numeral Grading System, with grade points and corresponding narrative descriptions, as follows:

Ten-Point Numerical	Grades	Description
1.00	Excellent	4.00
1.25	Very Good	3.75
1.5	Very Good	3.5
1.75	Good	3.0
2.00	Good	2.5
2.25	Fair	2.0
2.5	Fair	1.5
3.0	Passing	1.0
4.0	Conditioned	0.0
5.0	Failed	0.0

Note: Grade of 4.0 (conditioned) is used only for mid term grading; not for final.

2. Grade Point Average (GPA) is computed as follows:

- To get the honor points, multiply the credit for each course (subject) enrolled during a semester/summer term by the grade point credit for the grade in each course (subject).
- To get the total honor points, add all the honor points.
- To get the Grade Average, divide the total honor points by the total number of credits earned during the semester/ summer term. Indices are computed to four (4) decimals places and the third number is rounded off.
- The cumulative GPA is computed by averaging all the GPA's of a student for all the semesters/summer terms of his enrollment in PSBA.

Google Translate

The screenshot shows the Google Translate web interface. At the top, there are tabs for 'Text' and 'Documents'. Below these are language selection buttons: 'DETECT LANGUAGE', 'CHINESE', 'FRENCH', 'SPANISH', and a dropdown arrow. To the right, there are buttons for 'ENGLISH', 'URDU', and 'SPANISH'. The main area is divided into two sections: a large input field on the left and a 'Translation' output field on the right. The input field has a microphone icon and a character count '0/5000'. A dropdown menu is open from the input field, listing various input methods for Chinese: '拼 Chinese (Simplified, China) - Pinyin', '五 Wubi', '注 Zhuyin', '倉 Cangjie', '拼 Chinese (Traditional, Taiwan) - Pinyin', '粵 Cantonese', and 'Chinese (Simplified, China) - Handwrite'. A blue arrow points to the 'Chinese (Simplified, China) - Handwrite' option. Below the input field is a 'History' button with a circular arrow icon. A 'Send feedback' link is visible in the bottom right corner of the interface.
