International Baccalaureate – Institute Management

The IB mission

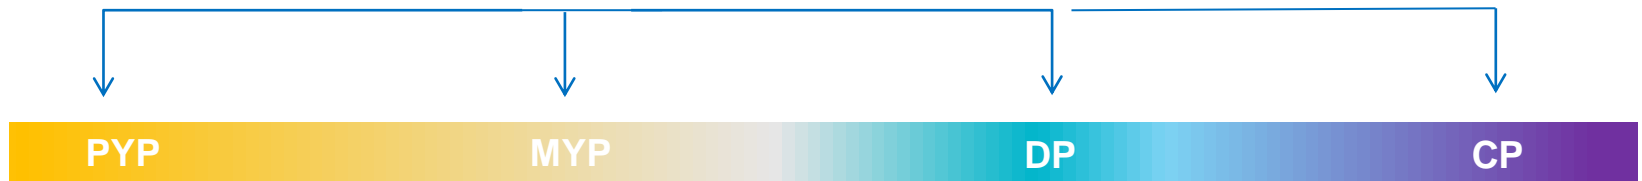

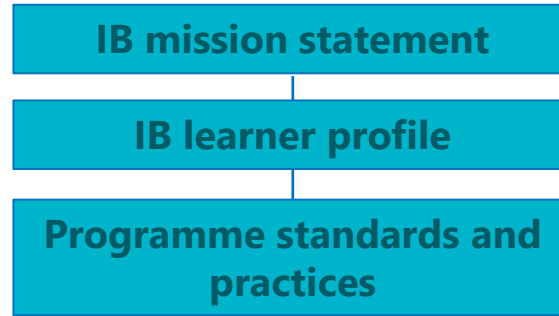

*"The **International Baccalaureate** aims to develop **inquiring, knowledgeable** and **caring** young people who help to create a better and more **peaceful world** through **intercultural understanding** and **respect**..."*

To this end the organization works with **schools, governments** and **international organizations** to develop **challenging** programmes of international education and **rigorous assessment**.

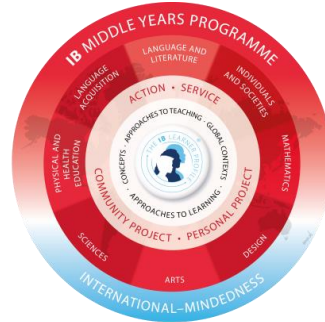

*Our programmes **encourage** students across the world to become **active, compassionate** and **lifelong learners** who understand that other people, with their differences **can also be right**"*

Institute Management – My IB

The screenshot shows the top navigation bar of the IBO website. The 'My IB' link is highlighted with a red box and a red arrow. Below the navigation bar is a main banner for a scholarship application. The banner features the text 'UNIVERSITY OF THE PEOPLE MASTER OF EDUCATION' and 'Apply for a scholarship' in large white font. To the right of the text are the logos for 'IN COOPERATION WITH IBO' and 'UoPeople'.

Welcome

Welcome to My Institute, the new institute management system. Here in the Institute profile and Roles and Applications Sections, Institute Administrators can update institute details and approve other institute users for access. Institute Transcript Users can view institute details and other approved users. As IB transitions from IBIS as the platform to maintain institute details and users, you will still be accessing transcripts through IBIS.

Results

Download or view candidate results

Transcripts or electronic results are available for download by an account holder at an institution only if students have requested that their data be provided to that institution. If the expected data is not available, please ask students to ensure they have ordered a transcript.

There are a number of ways to instantly receive transcript data through this website. The following formats are supported:

Download results datafile

A datafile is designed to be imported into a database system for processing. It is useful when there are a large number of candidates. The data can be downloaded in a number of different formats including CSV and fixed width. For more information click on the 'Datafile formats' link in the 'Useful documents' section of this page.

Download PDF file of transcripts

This document can be viewed and printed by Adobe Reader. It is useful when there are a large number of candidates but no database system set up to import the data.

View candidate results on screen

This is the fastest option to display transcript results for a small number of candidates. Using this option will not interfere with new results obtained by datafile or PDF formats.

Transcripts should be viewed with notes on the IB transcript of grades. A document containing information on how IB subjects are assessed, the subject groups that curriculum fall under, and the difference between a certificate and a diploma is available. For more information click on the 'Transcript notes' link in the 'Useful documents' section of this page.

Don't have Adobe Acrobat Reader? [Get it here.](#)

Please note that there is a help section associated with each of the above options on the upper right hand corner of each page.
