Global Verification Made Simple.

# QUALIFICATION CHECK

The leader in fast, automated and accurate education verification with a global coverage of over 190 countries and 40,000 institutions.

Global Verifications

Our intuitive, automated, one-stop qualification verification solution enables organisations to check applicants' qualifications at source, anywhere in the world, fast and accurately.

AutoVerify

Our software conveniently arranges all incoming verification requests in one centralised place. It's simple – one platform and one point of contact.

Our Mission

FIGHTING FRAUD

We combat the risk of fraud by satisfying the global demand for secure verification.

SAVE TIME & COST

We save valuable resources for institutions so they can allocate more time for other important tasks.

DIGITISE CREDENTIALS

From the flexibility of our solutions to the way we serve our customers, we'll never stop evolving.

AUTOMATION

We don't take jobs away, we make them simpler by reducing the burden on human intervention.

GLOBAL VERIFICATIONS

How it works

1. Sign Up

Setting up your account is easy. Get quick, secure access to your transactions and results.

2. Request a validation

Fill in the details and submit a consent form, if required. We will handle the rest!

3. Receive your result

The verification outcome will be sent to your dashboard and you will receive an email alert.

5.29%...

...of verification requests submitted through Qualification Check were found to have discrepancies.

Applicant Process Flow

Applicant Process Flow

Institution directs Applicants to Qualification Check

Applicant applies to Institution

Verification request submitted by applicant via QC platform

Verification Report shared with all parties

Verification report generated & stored

Verification result sent back to Qualification Check

Information sent directly to Primary source to be verified

Applicant is diverted to Qualification Check to begin their registration process. (NB: API integration is also available if you wish to integrate with your systems)

Applicant selects the type of check that is required

Alternatively, Applicants can select the country and then the required check type

Applicant fills in verification details

Enters the **Individual's** details

Enters the **Qualification** details being verified

Uploads a consent form and any other required documents (Eg – Degree Certificate)

# Once the check is submitted it is automatically sent off to be verified at the Primary Source.

Applicants can check the status of their verification by looking at the Event History.

Clients

Imperial College London

"Qualification Check provide a great service to our applicants to ensure that their academic credentials are checked-at-source. The online service is easy to navigate, timely and efficient. It's been a welcomed option for our applicants as an alternative to couriering original documents. Qualification Check have provided exceptional customer service to us and our applicants."

D.Parrott Head of Admissions

CISI — CHARTERED INSTITUTE FOR SECURITIES & INVESTMENT

"The Qualification Check system is a great step forward and took away a large administrative burden from us. It has eased the recruitment process for potential employers of our students and members by making the verification of their results and membership online and immediate, 24 hours a day, 365 days a year."

Simon Culhane, CEO of the Chartered Institute for Securities & Investment

Lancaster University

"Lancaster University has worked very effectively with Qualification Check since 2011 when QC was awarded the tender to verify Lancaster Campus degrees. The verification service has significantly reduced administrative load at Lancaster and we are looking to expand the verification provision during 2016 by working with their excellent technical and business teams. Customer service is first class. Recommended."

Andrew Newman, Student Systems and Data Manager
