THANK YOU

Thank you for attending our session today.

You are in the right place if you are looking to learn how to:

- Get the right candidates with the right education
- Accomplish this quickly and effectively
- Your candidates attended a Canadian post-secondary Institution

My goal today is to provide you with some insight on Canadian education verifications, how to accomplish them and what you need in order to do that.

In order to help our clients, AuraData has revised its policies and processes for consent forms. We now accept typed signatures that meet our requirements listed below. AuraData has also implemented a way to gain consent for education verifications directly with the system.
If you are unable to attain a signature that meets either the typed signature requirements below or a physical signature, please have the applicant visit: https://www.auradata.com/signature.aspx
The applicant will need the Tracking ID number of the search and their last name. They will then be able to sign a consent that will be automatically uploaded and attached to their search.
