*16-17 March 2021*

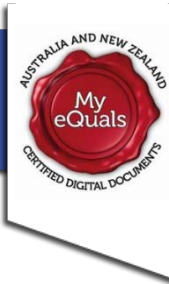

# Agenda

- Background and overview of My eQuals
- Receiving My eQuals records
- Graduate Verification Service
- Q&A

# History of My eQuals

ANZ universities commence 'Digital Student Data' initiative.

Business case approved. Digitary selected as Technology Partner. Pilots commence.

20 unis live & 500k docs issued.

Project delivered successfully.

and with budget.

26 unis live & 1.4M docs issued.

Benefits being realised– 2.8M docs issued & 800k learners.

International recognition as the official ANZ credentials platform.

Canberra Institute of Technology join.(first non-university)

1.3M learners & 4.8M docs.

Digital Badges launched.

Collaboration with Aust Govt towards "National Credentials Platform" (NCP).

Graduate Verification Service project initiated

# Receiving My eQuals records

## Receiving Documents Sample – Document owner shares from the My eQuals platform

- 1 Email you receive**  
Triggered by the owner
- 2 login to verification portal**  
Owner may have created PIN which you will need for login
- 3 View document**  
Certified original document

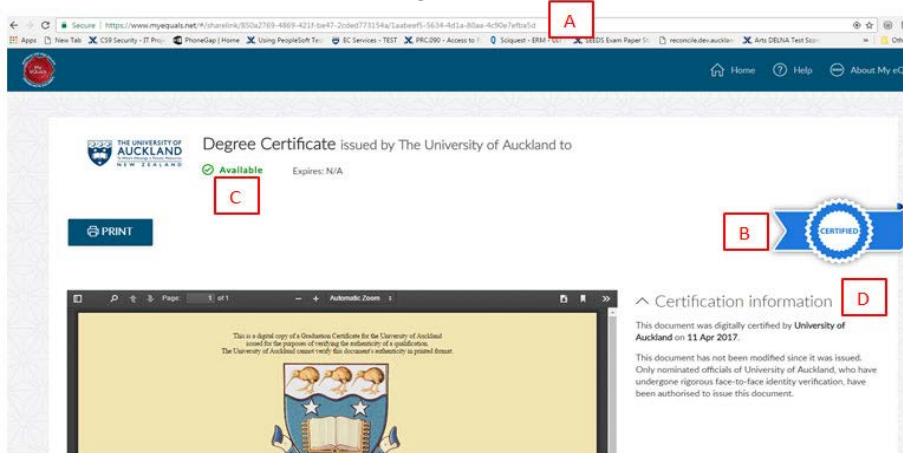

- 4 Download PDF**  
As required for internal filing

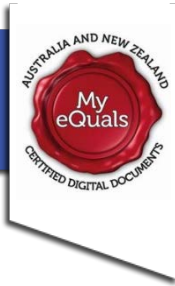

# Receiving My eEquals records

## Viewing and Verifying Documents

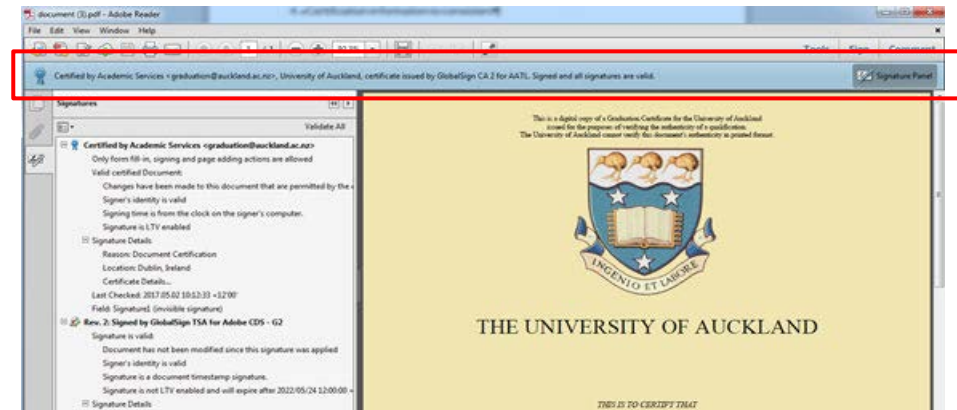

### On the My eEquals Platform

- This is the **original** document issued by the university, not a third party.
- The student cannot alter the content of the document, or load documents themselves.
- The document can be **verified** as follows:
  - A** the URL should start with <https://myequals.net/>
  - B** “Certified” banner is present
  - C** Document status says ‘Available’ not ‘Revoked’ by the university
  - D** Certification information is consistent with the issuing university

### PDF document

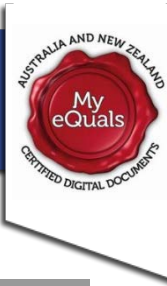

- This is the **copy of the original** document issued by the university
- Viewed in Adobe Acrobat Reader the document **blue ribbon** above the document stating: *“Certified by the issuing University... all signatures are valid”* indicates that the document has not been altered.
- Note other installation requirements specified in <https://www.myequals.edu.au/receiving-documents/>

# Receiving My eQuals records

## *Registered Organisation option*

**You define what additional attributes are required**

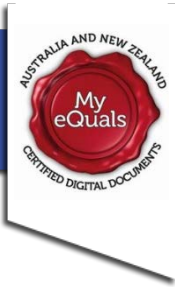

A screenshot of a web form titled "Document sharing". It has two radio buttons: "Generate a link to my documents" (unselected) and "Send my documents to a registered organisation" (selected). Below the radio buttons is a "Recipient" field with the text "Fly by Night Operations - New Zealand" and a person icon. Underneath is a description: "Clandestine organisation operating out of the back of a truck, selling credentials to the underworld". There are three optional fields: "Reference (optional)", "ApplicationID", and "Expiry date (optional)", each with a pencil icon for editing. At the bottom are three buttons: "HELP" (blue text), "CANCEL" (blue text), and "SHARE" (grey button).

# Receiving My eQuals records

## *Registered Organisation option*

**Your organisation appears in the list of organisations**

**Learner releases the document to you**

# Graduate Verification Service (GVS)

- A GVS project was initiated in response to market demand for a central facility to verify credentials claims.
- GVS will operate in a similar manner to DegreeVerify (National Student Clearinghouse) in the US, Higher Education Degree Datacheck (HEDD Prospects) in the UK.
- Unlike the existing My eQuals service, GVS does not rely on learners sharing their records with 3<sup>rd</sup> parties (employers, receivers, verifiers).
- Serves parties requiring bulk verification.
- GVS will be offered as a commercial service and operate alongside the existing learner initiated free sharing of academic records with 3<sup>rd</sup> parties.
- The GVS service is expected to launch in late 2021.
