SCOTTISH NATIONAL QUALIFICATIONS - SCQF LEVELS AND TIMELINES

This table shows how current and old qualifications relate to one another in terms of their SCQF level. The SCQF level of a qualification provides a way of comparing how demanding or difficult the learning involved in achieving a qualification is. This table can be used by anybody with a need to understand National Qualifications (normally awarded at school), for example employers when recruiting. More information on the SCQF can be found on our website (www.scqf.org.uk). More information on current qualifications in the table can be found by visiting the SQA website (www.sqa.org.uk/cfe).

2001: Creation of Scottish Credit and Qualifications Framework. All levels are approximate for qualifications delivered prior to this date.

Primary and lower secondary education

Primary school 7 years (P1 – P7)

- compulsory
- no certificate awarded
- national, standardized assessments introduced in 2017 after P1, P4, and P7
- English language of instruction; some schools use Gaelic as primary language of instruction

Lower secondary 4 years (S1 – S4)

- compulsory
- offered at secondary schools
- **National 4 and National 5** qualifications are typically awarded for the first time at the end of S4
- S1-S3 is known as Broad General Education (BGE) with S4 marking the start of the Qualifications Stage in secondary school

Lower and upper secondary qualifications framework

SCQF level	New National Qualification	Previous National Qualification
1	National 1	Access 1
2	National 2	Access 2
3	National 3	Access 3/Standard Grade (Foundation level)
4	National 4	Standard Grade (General level) / Intermediate 1
5	National 5	Standard Grade (Credit level) / Intermediate 2
6	Higher (new)	Higher
7	Advanced Higher (new)	Advanced Higher

National 2 and 3 courses consist of units that are not graded, but assessed as pass or fail

National 4 courses consist of units, plus an Added Value Unit, that are not graded, but assessed as pass or fail

National 5, Higher, and Advanced courses consist of units, plus a course assessment; units graded internally; course assessment graded externally by SQA; grading scale of A – D or “no award”

Secondary education grading

- Grading only occurs in the qualifications phase from S4 onwards
- Course grading is certificated as follows:
 - Grade A >70%
 - Grade B 60-70%
 - Grade C 50-60%
 - Grade D 40-50% (note that under RNQ the Grade D has been extended from a 5% range to a 10% range and that whilst Grade D is not a pass, it is considered to be an award)
 - Bands 1-9 exist within the grading structure i.e. Grade A covers Bands 1 and 2, Grade B covers Bands 3 and 4 etc.

Upper secondary education (senior phase)

- Optional
- Offered at secondary schools and sometimes in collaboration with further education colleges
- S5 – S6
- Scottish Qualifications Higher Grade Certificate awarded after S5
- S6 optional enrichment program (increasingly most students who complete S5 also remain for S6)
 - Scottish Qualifications Authority Advanced Higher Certificate (2000 to present)
 - Formerly Certificate of Sixth Year Studies (1970-2002)
 - Transfer credit/advanced standing usually not awarded for Advanced Higher subjects
 - Selective universities may give preference to Advanced Higher holders with preference over English A-Level qualifications

Revised National Qualifications (RNQ) program running from 2018-2020

- Government instruction to SQA in September 2016 to commence work on removing Units from National 5 and Higher Courses
- Revisions taking place to National 5, Higher and Advanced Higher Courses and being implemented:
 - National 5 – Session 2017-2018
 - Higher – Session 2018-19
 - Advanced Higher – Session 2019-2020
- Impact of the removal of units:
 - Pass/fail of course now based on high stakes final examination plus submission of coursework (much of this coursework is now externally marked – previously internally assessed)
 - Strengthening of course assessment to maintain the validity and credibility of the qualifications

Upper secondary education

Scottish Baccalaureates

- Introduced in 2009
- S5 and S6
- Science, languages, expressive arts, social sciences
- Mandatory and other components
- 2 Advanced Highers, 2 Higher plus interdisciplinary project (Advanced Higher)

Grading

- **Distinction:**
 - Grade A in one eligible Advanced Higher course
 - Grade A in one other components
 - Grade B or higher in all other mandatory components
- **Pass:**
 - Grade C or higher in all mandatory components and who do not meet distinction criteria
