HIGHER EDUCATION AND MOST COMMON CREDENTIALS

HIGHER EDUCATION INSTITUTIONS

There are several types of Higher Education Institutions (HEIs) in Cameroon:

- 3 University Institutes of Technology (*Instituts Universitaires de Technologie (IUT)*): IUT de Douala, IUT de Bandjoun, IUT de Ngaoundéré
- 8 State Universities: *Universités de Yaoundé I, Yaoundé II, Douala, Buea, Dschang, N'gaoundéré, Maroua et Bamenda*
- 240 Private Universities and HEIs (*Institutions Privées d'Enseignement Supérieur - IPES*)*
- 46 Grandes écoles de Formation under State Universities, MINESUP and other Technical Ministries: e.g. *Ministère des Travaux Publics du Cameroun (MINTP), Ministère des Postes et Télécommunication du Cameroun (MINTC)*...

Similar to primary and secondary education, Higher Education also follows the dual education system with institutions either following the Francophone or Anglophone system based on the French and British higher education ladder.

- *The francophone State universities are Universités de Yaoundé I, Yaoundé II, Douala, Dschang, N'gaoundéré et Maroua*
- *The anglophone State universities are Universities of Buea and Bamenda*

HIGHER EDUCATION INSTITUTIONS' ACCREDITATION

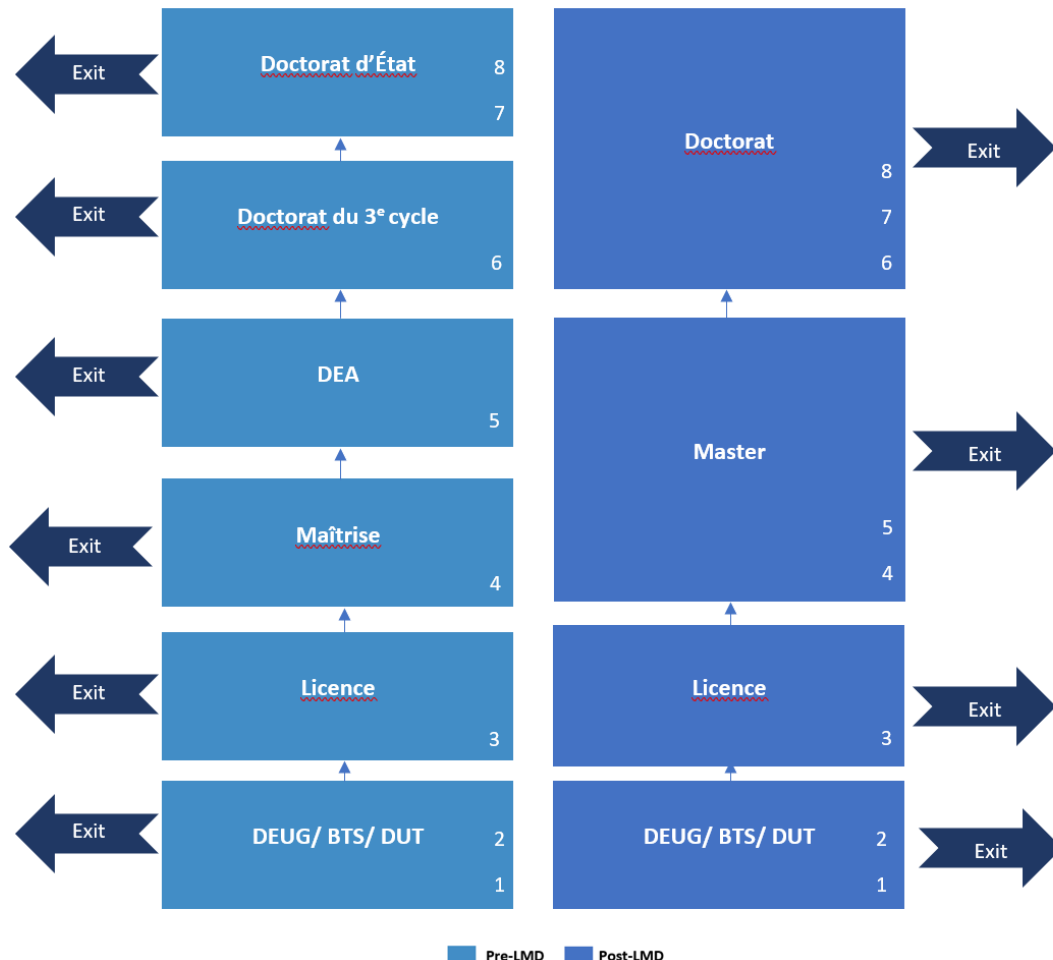

Accreditation in Cameroon is both institutional (public HEIs) **and program based** (private HEIs - *IPES*) and **provided by the Ministère de l'Enseignement Supérieur (MINESUP)** or the Technical Ministry it depends from.

- Public HEIs being created by Ministerial or Presidential decree receive automatic and complete accreditation of all of their programs and are directly placed under MINESUP as per order N° 93/026 DU 19 JANVIER 1993 portant création d'universités.
- Private HEIs accreditation is however a little more complex. As per the order N° 01/0096/MINESUP of du 7 DECEMBRE, 2001, IPES must gain authorization to operate from:
 1. *The Commission Nationale de l'Enseignement Supérieur Privé (CNESP - advisory body whose mission is to assist the Ministry responsible for higher education in the establishment, development, monitoring, control and the evaluation of private higher education and related institutions – as per the order N°073/CAB/PM DU 06 DECEMBRE 2001) and*
 2. MINESUP.

However, despite being authorized to operate by CNESP and MINESUP, **IPES are not allowed to award their own degrees.** Their accreditation **only allows them to run MINESUP approved programs under the academic supervision a State University which will, in return, award the final degree** under their own name. This process is called “*Tutelle académique*” (Academic supervision) and was set up as a way to guarantee both conformity and quality of the studies completed at IPES.

!\\Since the accreditation is program based, IPES can be under the academic supervision of several State universities at the same time.
